

Animal Health Trust Breed Club Health Seminars

• Saturday 14th May: Canine Genetics

A full day with three of the AHT's canine genetics experts

• Thursday 2nd June: Genetics, Neurology and Diagnostic Imaging

An overview of canine genetics, plus lectures on neurological diseases and diagnosing conditions such as hip dysplasia, elbow dysplasia and syringomyelia

• Friday 23rd September: Ophthalmology, Oncology and Genetics

A must for those who missed the AHT talks last year!
An overview of canine genetics, plus lectures on eye disease and cancer in dogs

Cost: £15 per person

Lunch will be provided, plus tea and coffee in the morning and afternoon.

There will also be tours of the Small Animal clinics.

For more information or to book your place, contact Sophia Waters on 01638 555 620 or email sophia.waters@aht.org.uk
